THE PROCESS

ONE Enquire

Let us know exactly what you are looking for in our enquiry form, and we will be in touch within 48 hours to share our availability and provide the next steps. We recognise that you may still be in the midst of planning and refining the finer points, but any extra details you can provide will greatly aid us in customising our services to suit your preferences. Pinterest board links or inspo images are always very helpful!

TWO Consultation

Once we receive your form, we'll set up a phone call or meet in person to discuss your day and wishlist! Think vision, colour palette, flower preferences and all those fun little details.

THREE Commitment

Your date is not secured until the 30% deposit is made, so if you feel an alignment with our service we encourage you to book, and remember we can always make changes as we curate your dream day! We start by crafting a tailored, detailed brief covering every aspect of your special day!

FOUR Support

We understand that this is big step as you want your day to look perfect in every way. We want to start by reassuring you that when you book in our service you retain a team of passionate experts. Our goal is to ensure this process is enjoyable and stress-free, so we're here for you every step of the way.

HI, IM MONIQUE!

Nice to meet you!

I am the proud owner and creative mind behind Harvest. Let me share a bit about myself: Much of my twenties were spent adventuring around the globe and immersing myself in the world of super yachting (crazy experience)!. Creativity is my true passion, whether it's through drawing, crocheting, floral design, or concocting new cocktail recipes – these are the moments where I truly come alive! While I would describe my style as modern, whimsical, organic, bold, and unique, the truth is, I honestly love the challenge of bringing any concept to life! I firmly believe in the power of genuine connections and delivering paramount services through my business. And my ultimate aim is to transform wedding planning into an enjoyable journey for my clients by ensuring they have the perfect team by their side. I just love love, and to be able to create for couples is honestly so beautiful, like how lucky am I to get to call this my job!

I'm always available for a chat, so feel free to reach out with any questions – I'm here to assist you every step of the way!

Hope to hear from you soon,
Mon xx
